City Council Meeting

The city council held a meeting Monday evening for the purpose of acting upon the application of the Stauffer Chemical Company for permission to lay a spur track from the Southern Pacific right of way along Chestnut street to the company's salt beds. All of the members were present except Luecher and there was a large attendance including a delegation of the Board of Trade who presented a strong resolution in favor of granting the desired privilege.

Judge Fitzpatrick addressed the board in favor of the company and J. N. Winter, a resident on Chestnut street spoke in opposition to the track. Trustee Hynding and Walker joined in the discussion, the former in favor and the latter in opposition to the company's petition. Mr. Winter held that the Stauffer's had already been granted a franchise for a spur track under conditions that the council considered proper one of which was that they rock the road from curb to curb. If they considered this requirement a burden then the Board of Trade could take action by raising a fund to have the work done for them. The discussion ended by a motion from Walker that the petition be denied which was carried, Hynding voting no.

Railroad Commences Work

The Southern Pacific is preparing to rush work on the Dumbarton bridge and all-land route to San Francisco. The surveyors have about completed their work and the drivers are on the ground making tests of the depth to which piles must be driven. The piles that will support the center span of the bridge are already in place. A large amount of material has been unloaded on the east side of the bay and quite a large force of men is completing preliminary preparations.

The survey of the road from Ravenswood point to Redwood City is complete and the grade stakes are in place. The eighty-foot right of way parallels Ravenswood avenue most of the way to this city.

Bunk houses, tool houses and barns have been built and feed for the teams is on the ground and the grading will be begun at once. The route is almost a dead level for the entire distance and it will be short task to get the rails laid. The work will be completed at the earliest possible day in order that the road may be used for hauling material for the bridge to the bay shore.

Appraisers Appointed

Judge Buck has appointed E. B. Bullock, Joseph M. Quay and John B. Kelly to appraise the estate of Theodore F. Payne, deceased.

He has also appointed C. H. Scott, Milton T. Ren and L. M. Shuck to appraise the estate of Theodore A. Clark and Rosetta and Cecelia Clark, minors.

Cheer Up

CAN'T BE SEPARATED

Some Redwood City Have Learned How to Get Rid of Both

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Captain N. Nason, retired, of 3528 Twenty-second street, San Francisco, says:

I am not certain whether a fall I met with some seven years ago was the primary cause of my backache or not, but I noticed from then on I was subject to attacks. Knowing that my kidneys were either sluggish or over excited it struck me that Doan's Kidney Pills were for those organs alone they might help me to ride over a rather severe attack of backache, and I took them. They stopped the aching. I will be pleased to recommend Doan's Kidney Pills when opportunities present themselves.

John F. Ford will move to Redwood City with his family from Alameda next week. They will occupy the Ford cottage here.

The Golden Eagle and Oakwood cigars have placed Redwood City on the map. Orders are coming in from all parts of the State for these goods. Judge Hannon on Wednesday sentenced Charles Barber and James Phillips, two little fellows, to serve 50 days each in the County jail for defrauding Charles Luscher of their board bill.

John Armstrong, who was arrested during the week for beating his wife, appeared before Judge Hannon Thursday. Judgment was suspended for three months. The court gave the case due consideration and decided it was better to parole the prisoner. If he were sent to jail his frail wife and infant child would be the real sufferers. Whenever Armstrong gets drunk he finds pastime in beating his wife who is only 17 years of age and who is very delicate.

Last week John MacBain had trouble with the plasterers at work on the High School. They lived at San Jose and asked that their railroad fare be allowed in addition to the \$7.50 a day they were receiving. This concession was granted and the men thinking they had a good thing, the next day demanded that their board be paid also. It is unnecessary to state that the men are no longer in the employ of Mr. MacBain.

Miss Josephine Bristol who has had charge of the English department for nine years will go to Mills College where she has accepted a much higher salary position. Mr. J. C. Henning who has conducted the business course for the last three years has determined to leave the teaching profession and has been offered a good position in a San Francisco business firm. All of these teachers have been very popular with the pupils and it will be hard to fill their places with successors who will be so well liked.

Mr. and Mrs. Carl Mazze entertained a number of local friends, and relatives from San Francisco, the occasion being the third anniversary of their wedding.

Gayleth Rible, a chauffeur in the employ of Mrs. E. F. Preston, was arrested Wednesday by Marshal Christ for operating an automobile without the number displayed on the back of the machine as required by law. He deposited a cash bail in the sum of \$25. On the following day the case was dismissed by Judge Hannon and the bail money returned. Rible had only technically violated the law. The automobile was purchased on Monday and he had not sufficient time to get the number assigned to the machine. The statute allows five days in which to procure the number.

G. P. HARTLEY PASSES AWAY

DEATH RELIEVES SUFFERINGS OF WELL-KNOWN EDUCATOR

Griffiths Police Hartley, one of the best known men of San Mateo County passed away at his home in this City early Thursday morning. The death of Mr. Hartley was not unexpected as he had been ill for several months with what was known to be an incurable disease. Although he had become gradually weaker during the last few weeks he was in full possession of his faculties until about four o'clock of the morning of his death. At that time he lapsed into unconsciousness and at seven o'clock went to sleep with his fathers. The end was painless and without a struggle and after months of pain the weary body was at rest.

Mr. Hartley was born in Wales on the 12th of November 1841 and was 65 years and 6 months of age at the time of his demise. At an early age he came to America with his parents and settled in Herkimer County, New York. He went through the Grammar and High Schools of Herkimer and was immediately granted a certificate to teach. He secured a district school and taught two terms when with a friend he decided to come to California. He left New York City and came to San Francisco by way of Panama arriving in 1863.

His first employment was with the late James Johnston in Halfmoon Bay. He was then appointed United States Revenue Assessor for the district of San Mateo County. He soon resigned that position to accept the school at Purissima, but was soon called to the principalship of the Halfmoon Bay school. In 1868 he married Miss Jennie E. White who was then teaching near Spanish town, and one child which died in its infancy was the result of rheumatism. Late in the seventies, Mr. Hartley was offered the principalship in the Redwood City School which was then the largest in the County. At the same time he was elected to the office of County Superintendent of Schools and held that office until it was decided that the Superintendent of a county of this class could not teach. Preferring the life of a teacher he gave up the Superintendentcy and retained his position as principal until 1892 when he retired to devote his entire time to his lumber interests. In 1895 he was again tendered the principalship which he held for two years.

From that time he spent his time in looking after his private affairs. Mr. Hartley was a man who took a great pride in his home town and served several terms as a town trustee making one of the best towns has ever had. He was a charitable man, and ever delighted in helping others who had not been so successful as he had been, or who had met with some misfortune. In his home life Mr. Hartley was a most devoted husband. He was one of Nature's Nobles, his life was kindly and it can well be said of him, "Here was a man."

The many pupils of Mr. Hartley will look upon his death as a personal bereavement as no young man or woman ever attended his school without forming a deep attachment for him. He left to mourn him a loving wife who has been constant in her ministering to him during the time of his illness. The funeral will take place tomorrow. Services will be held at the home at 11 o'clock. Interment will be in Cypress Lawn Cemetery, by train leaving here at 12:03 p. m.

Ship Yard for Palo Alto

Amongst the important industries now seeking locations in Port Palo Alto, the new subdivision laid out by J. F. Parkinson and other local capitalists on the bay shore, north of Palo Alto, is a yacht building concern, to be erected by the Herreshoff's, the famous Eastern firm which has designed and constructed many of the defenses of the American cup for the New York Yacht Club. L. C. Crowe, representative of the Herreshoff's, was in Palo Alto on Saturday and inspected the proposed site. He expressed himself greatly pleased with the property. He stated that he will recommend the location at Cooley's landing where a sufficient depth of water exists, and it is understood that his recommendation is equivalent to selection. The Herreshoff's have determined to establish a yacht building concern in the vicinity of San Francisco to meet the demand for fast racing boats which has resulted from the growing rivalry between yachting interests about the bay and in Southern California. The plant will start with fifty employees engaged in turning out yachts for next season. The owners of Port Palo Alto are also negotiating with an automobile concern for the establishment of a manufacturing plant at the new townsite.

Funeral of Captain Smith

Two hundred railroad men, from engineer to head official, journeyed Thursday of last week to the town of San Carlos and in the dim distance of a vine clustered cottage were seen the faces of their respect and love for Captain N. T. Smith, one of the

best of the old guard of the Southern Pacific Company, who passed away. At 1 o'clock a special train consisting of seven cars left Third and T. W. sent streets, bearing to the little valley town several score of railroad men. At the San Carlos station, which was draped in black, they were met by contingents which had preceded on the 11:30 o'clock train.

Within the parlor of the little cottage the casket rested on a catafalque, the somberness of which was concealed by a great wealth of flowers. Rev. George C. Adams, pastor of the First Congregational Church of San Francisco, performed the funeral services, which were brief and simple.

To the throng which overflowed from the room of the dead and upon the vine-clad veranda and the lanes of the flower garden, he told in simple words of the life of Captain Smith. He described him as one of the pioneer giants, whose energy, faith and goodness made the Southern Pacific what it is.

And then out into the sunshine, where the birds twittered sadly and sweetly in the trees, moved six sad-faced men and passed through the throng which stood with uncovered heads, bearing all that was mortal of their friend and co-worker away from the place where he had spent the declining years of his life.

The body was conveyed to the chapel at Cypress Lawn Cemetery, where, after a brief burial service, it was placed in a receiving vault.

Flags on all the passenger stations of the Pacific system of the Southern Pacific, on all the company's ferry and river steamers and on the poles at the top of the Flood building were at half-mast yesterday out of respect to the memory of Captain N. T. Smith, the deceased treasurer. Even a flag on the lofty ferry tower at the foot of Market street was at half-mast by order of President Stanford of the Board of Harbor Commissioners, he having been for years one of the veteran conductors in the employ of the Southern Pacific.

The young men of the village will give a dance in Independence Hall Saturday evening May 4th. Excellent music has been engaged. If you want to have a good time don't miss this dance. Youth and beauty will be there to trip the light fantastic toe. Miss Edith Botcher, one of Woodside's belles has returned from a visit with friends at San Mateo.

Local Ike Walton's whiffed all the streams in this vicinity last Wednesday. Some good catches were made but trout were not as numerous as expected. Fishing is very good at La Honda and San Gregorio.

Many sales of property are reported here during the week. There is constant and growing demand for Woodside realty. There is some talk of an electric railroad being built from Redwood City. Should the road be constructed the Woodside hill would shortly be dotted with pretty homes.

DEATH CLAIMS NOBLE WOMAN

MRS. ANNA MULLEN SUCCEUMS UNDER OPERATION

One of the saddest deaths which has happened in our City for many years was that of Mrs. Anna E. Mullen which occurred at her home on Shambaugh street last Saturday morning. The early death of this estimable woman was the result of an operation to which she had submitted a few days prior and the shock of which she was unable to stand.

The news of Mrs. Mullen's death was a shock to the entire community as very few knew that she was ill. It is doubtful if she would have lived much longer if the operation had not been performed as the trouble was deep seated and though Mrs. Mullen had appeared to be in good health she had been a sufferer for some time. The death of this good woman makes a break in a very happy family. It is also the first break in the family of her parents.

Anna E. Mullen was born in Denmark, October 19th, 1861. When ten years of age she was brought by her parents to this country coming almost immediately to Redwood City. After going through the local school she was married to Dan Mullen and they were one of the happiest little couples that this community has ever known. Four children, Lina, Gus, Lester and Stanton were born to them and all of these are left to mourn her loss.

The deceased was the eldest daughter of Mr. and Mrs. H. E. Heiner. Besides her parents she is survived by three sisters and three brothers. The entire community sympathizes with Mr. Mullen and his family in their great bereavement for the breach in their family can never be filled. The funeral took place from the late residence Monday morning, the Rev. Lincoln of San Mateo officiating. The remains were conveyed on the 12:03 train to Cypress Lawn Cemetery where after brief services at the Chapel they were taken to the Crematory where they were incinerated.

"Nazareth" at Santa Clara

No event of recent date has evoked such general interest as the forthcoming third production of Mr. Clay M. Greene's sacred masterpiece, "Nazareth," the Passion Play, at Santa Clara College and judging from the enormous advance orders which have been received at the college during the past two weeks, the attendance of the approaching production will eclipse that of the former two productions. Your and seven years ago respectively. The advance sale has been particularly large for Santa Clara valley night, which is the opening night of the play, namely, Monday evening, May 13th. Wednesday night, the 15th, which is Alumni night, will be packed by the Alumni of both Santa Clara college and her sister college, St. Ignace, of San Francisco. For the Thursday night performance, which is Ignatius council, Y. M. C. night, the main floor of the house has been almost entirely reserved for the big pilgrimage which is coming from San Francisco, and Saturday night's performance is already almost entirely sold out. The same is the case with the two matinees on the afternoons of May 14th and 15th. This state of affairs shows the people how necessary it will be for those who have not already taken advantage of the filing of advance orders at the college, to secure their seats just as soon as they are put on sale.

Mail orders for seats in advance will be received at any time at the College. These orders to be filed as they come in and seats to be reserved accordingly.

For further information concerning dates, prices, etc., address J. Daniel McKay Manager Senior Dramatic Club Santa Clara College.

EXCURSION TO GILROY.

Last Saturday about fifty members of Bay View Lodge, No. 109, I. O. O. F. Hope Encampment and Olive Branch Rebekah Lodge, visited the Old Fellows Home at Gilroy. Leaving Redwood at 8 o'clock in the morning they were joined at Palo Alto by several members from the Old Fellows' lodge there, and after a pleasant trip of two hours arrived at their destination. They were cordially received at the home and the children marshalled and drilled for their inspection. The visitors were greatly pleased with the location of the home and the care extended the inmates, numbering sixty in all, ranging in age, from the oldest, aged 119 to an eighteen months old babe. Wholesale arrests of bicycle riders will be made unless they comply with the law. They ride along the sidewalks at a rapid speed at night without carrying a lamp. An ordinance adopted some years ago by the Board of Supervisors compels the owner of a wheel to carry a light in front of the bike and to give a signal when approaching a pedestrian. Sheriff Chatham has several deputies secured to make the arrests, and some evening it would not be surprising if Menlo Park's population would be greatly depleted.

Rev. M. D. Steen, rector of the Presbyterian church for the past two years, has retired from the ministry and has departed for Columbus, O., to spend the remainder of his days at his boyhood home. For twenty-five years he has preached the gospel in this State, filling the pulpit in many prominent churches of California. He was a zealous religious worker, accomplishing much good where ever he preached. He retires full of honors, conscious that he served the Master faithfully and well in the Vineyard of the Lord.

The death of Major J. L. Rathbone has caused widespread sorrow here, where he had spent the greater portion of his life. His residence here (the Payne place) was the scene of many a merry gathering. Many old pioneers will recall the evening he was married to Miss Atherton. The old Atherton place, now occupied by Hoyt's school, was ablaze with lights, and a special train brought a throng from San Francisco. Mr. Rathbone was a great friend of the late Senator Stanford. It was through him that he was appointed consul-general to Paris, a position he filled with much honor to himself and his country. The major will always be remembered by the people of Menlo.
